## WINTER WAVES & NEW YEARS SPLASHES

Dear SeA family,  
Student safety is one of our top priorities each day, and the school uses school safety grant funding to make upgrades to various safety projects. Over the Thanksgiving break, phase one of the wiring process for the remote door entry and security monitoring install began. Fiber optic and CAT cable will improve Wi-Fi capabilities across campus and enhance security awareness. A school resource officer had been added to our staff, and safety scans are taking place when students arrive on campus. As we continue to improve, we will communicate these upgrades. If you have questions about campus safety, please email me, come see me, or call. I'd love to talk with you.  
Enjoy the fun this time of year brings your family!
